# “OUR SPD PACK & PREP TABLES GIVE YOU MORE OPERATING ROOM... SERIOUSLY.”

---

## TBJ PACK & PREP WORK STATIONS OFFER GREATER EFFICIENCY AND ERGONOMIC ACCOMMODATIONS

At TBJ, we offer multiple sizes, configurations and options that enable you to build a prep & pack workstation around your specific needs. All of our stations are constructed of heavy duty stainless steel. We offer a wide variety table configurations and optional features which enable you to build your workstation as simple or as sophisticated and you desire.

Just a few of our optional features include:

- Push-Button or Manual Height Adjustment
- Computer Monitor & Keyboard Arms
- Task lighting and Magnification Lighting
- Conveniently Located Power Strips
- Ergonomic Specific Task Drawers

Our Hook Frame option allows for a variety of attachments to be located on the back of the table for item storage and easy access. This expedites all of your prep and pack procedures.

Hook Frame accessories also include:

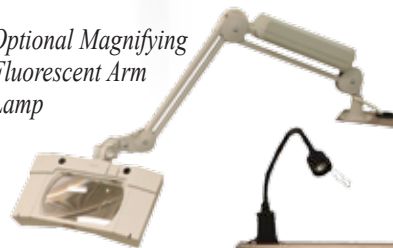

- Plastic Storage Bins in Various Sizes
- Stainless Steel Sterile Goods Baskets
- Roll Holders & Paper Racks
- Shelves & Sheet Supports
- Sterile Container Holders
- And Much More

Contact TBJ Today for a custom SPD workstation consultation. Let us help you design a tailored pack & prep station to meet all of your needs.
